

## REMARKS

Reconsideration of the above-identified patent application, as amended, is respectfully requested.

The amendment filed on 26 June 2006 has been considered non-compliant because the amendment pages are blurry due to the pages being faxed in folding. Enclosed herewith is a fresh copy which is identical to the amendment filed on 26 June 2006 and is being mailed by U.S. mail to avoid the fax problems. The undersigned certifies that the enclosed is a true and accurate copy of the Amendment filed 26 June 2006. For the above reasons, it is believed the application is in condition for allowance and such action by the Examiner is respectfully requested.

Respectfully submitted,
